

# CRAFTING IS HIP

You're a Portlander, so you're obviously hip maybe even tragically so. That being said, you probably go out every night of the week. With such a heavy schedule, don't you wish you could just pull back the curtains of linear time, peer into the future, and find out what this evening has in store for you? Now you can, with your very own PDX Hipster Fortune Teller!

Fortune directions:

1. Select and spell out your choice of hipster friend. (e.g. H-I-P-P-I-E-H-I-P-S-T-E-R)
2. Select and spell the type of drink you're thirsty for.
3. Select your second drink for the night, and flip open the fortune flap to discover your destiny for the evening.
